

Beyond the Language Barrier

Finding Academic Opportunities

How to find opportunities, ask questions, and get involved.

1 START WITH YOUR SCHOOL

Look for clubs, academic programs, tutoring, competitions, and special events.

2 TALK TO TEACHERS & COUNSELORS

- Ask about AP courses, academic programs, summer opportunities, scholarships, and leadership opportunities.

3 CHECK SCHOOL RESOURCES

- Use the school website, announcements, course guide, SchoolLinks, and student organizations.

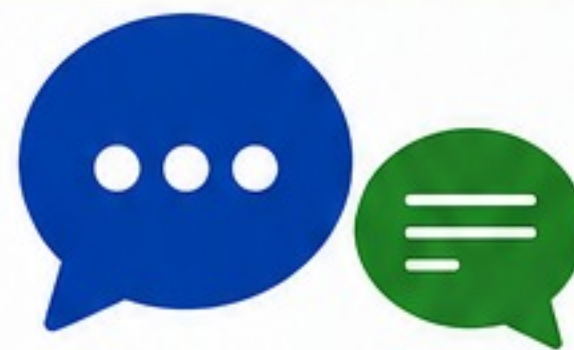

4 GET INVOLVED

- Join clubs, service activities, academic organizations, sports, or leadership programs that match your interests.

5 ASK — DON'T WAIT

- Opportunities are not always announced directly to every student.
- Ask questions and let teachers and counselors know what you are interested in.

Opportunities are easier to reach when you know they exist.
Ask questions, explore your options, and get involved.

Your future has many possibilities.
Take the first step — explore, ask, and get involved!
